

HOW TO INSTALL THE UNIVERSAL GRIPTAPE

Tip 1:

Clean the Deck with a grease-free cleaner

Tip 2:

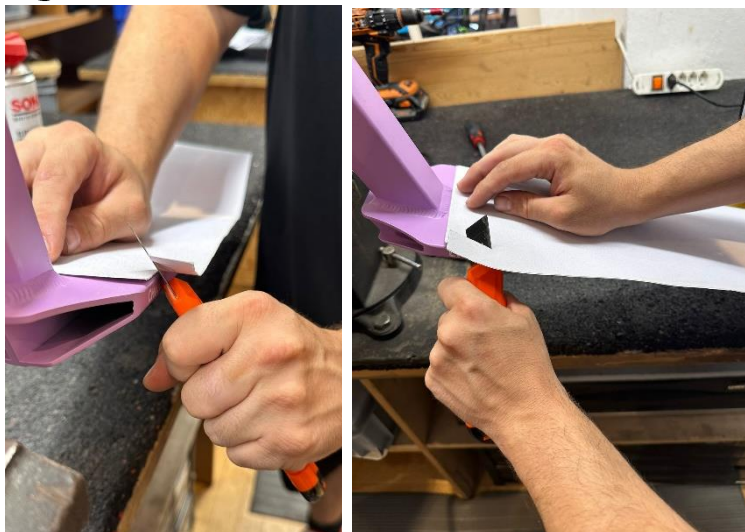

Cut out your Griptape along the lines provided on the back or place it on the deck and continue with **Tip 3**.

Once you have cut out the Griptape, go straight to **Tip 4**.

Tip 3:

Cut off the excess Griptape along the deck with a cutter. This works best at a 45° angle

Tip 4:

Press the Griptape again on the cut edge

Bonus Tip:

If your Griptape is dirty, clean it with a wet cloth

Tools:

- Griptape
- Cutter
